AI AND ENGINEERING PROJECTS

Unburden Root: multi-agent harness · Personal project — Jul 2026 – present

- Built the multi-agent harness I run my own projects on: Claude Code sessions work as named roles (orchestrator, reviewers, stage sessions) with shared memory and written rules that every session loads.
- Routes each task to a model pool by cost and urgency; a PII guard fails closed (it refuses when unsure) and has its own test cases.

Agentroid: Android bridge for MCP agents · Personal project — Oct 2026 – present

- Designed an MCP server that lets an MCP client (tested with Claude Code) drive Android emulators. The calling agent does the reasoning, so the bridge needs no model API key of its own. Open-source release planned.
- Directed AI coding agents to build a Rust core (11 crates), a TypeScript MCP server and a Python SDK.
- Designed the safety model: risk labels R0–R5, deny-by-default adb, a device allowlist, and record and replay of sessions.

BB Master Portal · Boys' Brigade 5th Singapore Company — Jul 2026 – present

- Building the awards and attendance records and training-programme imports for the Company (Next.js, React, Supabase); in development.
- Prototyped a privacy-by-design AI assistant (pseudonymised names, a person confirms every write), then cut it to keep the portal focused.
- Applied for a National Youth Council YCM grant (Sep 2026).

NUS-ISS Show Me Your Agents Hackathon 2026 — Sep – Oct 2026
Team Unburden, Public Category

- Developed and submitted an agentic AI solution to a real business problem in a team of four (with AWS and the Singapore Business Federation); Letter of Participation from NUS-ISS.

National AI Student Challenge 2026, Workato Track · Participant — Mar – May 2026

- Joined a team of four SP students on the track (brief: an MCP prototype on Workato); explored an MCP server to automate SIEM workflows.

PolyFinTech100 API Hackathon 2026: quarterfinal pitch, ESG & AI track — Jun 2026

SECURITY COMPETITIONS AND EVENTS

Hack The Box Cyber Apocalypse CTF 2026: 30th of 6,744 (top 0.5%) — Jul 2026

- Captured all 136 flags (69,425 points) with Team Mythos Larpers.

Singapore Cyber Conquest 2026: Student Finalist (top 20) — Sep – Oct 2026

- Qualified as one of the top 20 student teams online (CSA and TrendAI); competed in the onsite finals at Singapore International Cyber Week (14 Oct).

DSTA BrainHack 2026, CDDC: Finalist, Explorer category — Apr – Jun 2026

- Passed the qualifier (May) and competed in the two-day final (June) at the Cyber Defenders Discovery Camp.

CyberBlitz Challenge Creator 2026 · SP Gryphons — 2026

- Wrote binary-exploitation (pwn) challenges, each with a Docker deployment, a solver and a writeup.

Attended Black Hat Asia 2026 (student pass) · OB1 Conference 2026 (attended; selected for SP's student sponsorship with STAR Labs SG) · SICW x GovWare 2026 (Oct) · OffSec Singapore Chapter meetup (May 2026) · Gryphons CyberBlitz PWN and Web Exploitation workshops (Sep 2026)

Took part DEF CON Singapore 2026 (represented SP Gryphons) · TISC 2026 (CSIT): Participant

LEADERSHIP AND VOLUNTEERING

Senior Cadet Lieutenant (Primer) · BB 5th Company — Dec 2024 – present

- Bridge the Boys and the Officers, supporting weekly parades and large-scale events.
- Qualified as Drill Instructor at 5th Company level, passing both practical and theory assessments.
- Served as second-in-command of Blaze 2026 and trained 3 teams for an interschool 21 km adventure race in first aid, knots and lashings, orienteering and conditioning.
- Served as Assistant Camp Commandant, Adventure Camp 2026 (in charge of all operations), and IC, Inter-Platoon Games 2025.
- Served as third-in-command of the Awards Department (badge administration, tracking and distribution; quarterly award ceremonies), second-in-command of Recreation and assistant in Administration (Company Instagram).
- Trained juniors at 5th Company's Leadership Development Camp and Recruit Training Camp; volunteered with BB CARES and Share-a-Gift.
- At Brigade HQ level: Invigilating and Assisting Primer IC, Drill Master 2026 Assessment (7 Nov 2026).

Senior Executive Committee Member · SEED (Computer Science Club), SP — 2026

- Organised and hosted the "How to COMe Home" Computer Organisation crash course (20 May 2026), teaching juniors in two sessions; helped build the explainer slides and an interactive HTML tutorial with quizzes.

Publicity Advisor · Gryphons (Cybersecurity Club), SP — 2026

- Curated the poster for the Joint SEED x Gryphons AGM 2026.
- Helped at the Youth Cyber Exploration Camp (2026).

Class Management Committee · Singapore Polytechnic — 2026

- Planned and organised the class outing, liaised with teachers, and relayed and reminded the class of important information.

WORK EXPERIENCE

Academic Content Assistant · Alchemy Education Studio — Feb 2025 – Oct 2026

- Developed and curated academic resources (contract, remote) for mainly O-Level Biology: worksheets, topical revision papers, mock examination papers, notes, answer keys and marking schemes.
- Validated content accuracy, syllabus alignment and marking-point precision, working independently under deadlines on materials used in actual student lessons.
- Completed every paper for the 6093 Biology syllabus (Sec 3 and 4); the tuition centre uses them in its lessons.
- Built a harness that drafts each paper from a reference library, standardises the format and checks it.

Retail Assistant · Bee Cheng Hiang — Nov 2024 – Feb 2025

- Handled cashiering, packing, restocking and customer enquiries during the Chinese New Year season; translated Mandarin requests for a colleague.
